WELCOME

Dear BSSH members, Associates and guests,

I am honoured alongside your President, Jonathan Hobby, to welcome you to Winchester, a Roman citadel, the ancient capital where King Alfred the Great ruled Wessex and the site of one of the most stunning cathedrals in the world.

We are having a three day meeting since this is the only BSSH Scientific Meeting this year (the Spring Meeting was displaced by the successful IFSSH congress in London) and to allow us all to catch up after the lost time in the pandemic.

We are trying a few new things this year - a longer but more informative AGM, the opportunity for an evening out with your friends on Wednesday and a Street Food party instead of a sit down banquet on Thursday.

We have controversial topics, such as, "Does Kienbock's really matter?", "How late is too late?" "Nerve Gaps", Limb Replacement" and "Hand Rejuvenation". As well as the science, hopefully you will enjoy the lectures and symposia on the softer side of our professional lives including mindfulness, diversity and sustainability. Hand surgery is an art form, and so we continue this theme from previous meetings, with masterclasses from Kevin Chung on Renoir and his RhA, and the Hand in Buddhist Art.

It has been a privilege to organise this meeting for you. None of this would be possible without the dedication of our extraordinary BSSH office and especially Kavita, our Events Manager, as well as the support of Council and of course you the members. Industry as ever have been generous. And my deepest personal thanks go to Jonathan Hobby, Dean Boyce, Sue Fullilove and Ian McNab who have been unfaltering in

their personal and professional support over the past two and a half years as this meeting has eventually come to fruition since it was erased by the pandemic in 2020.

I hope you enjoy the programme and the social opportunities. Welcome to the Autumn 2022 BSSH meeting.

David Warwick

Professor David Warwick
2020 BSSH President

J. Hobby

Mr Jonathan Hobby
2022 BSSH President

President Mr J Hobby, FRCS(Tr&Orth)
Immediate Past President Miss S M Fullilove, FRCS(Orth)
Vice President Mr D Boyce, FRCS(Plast)
Vice President Elect Miss G Bourke, FRCS(Plast)
Honorary Treasurer Mr D Boyce, FRCS(Plast)
Honorary Secretary Mr I McNab, FRCS(Orth)

Council Member Miss G Smith, FRCS(Plast)
Council Member Mr M Horwitz, FRCS(Orth)
Council Member Mr D Brown, FRCS(Tr&Orth)
Council Member Mr D Clark, FRCS(Tr&Orth)
Council Member Mr L Muir, FRCSG(Orth)
Council Member Mr A Mishra, FRCS(Plast)
Council Member Ms J McEachan, FRCS(Orth)
Council Member Mr S Talwalkar, FRCS(Tr&Orth)
Council Member Miss R Shirley, FRCS(Plast)

WEDNESDAY 12 OCTOBER

09:45-10:30	REGISTRATION	
10.30	Welcome and Introduction Prof D Warwick and Mr J Hobby <i>Bapsy Hall</i>	
10.40	Symposium: Safe Peri-operative care: what you need to know Chair: Mr D Roberts and Ms J Higgins <i>Bapsy Hall</i>	
	10.40	Tourniquet/ Lymphoedema / Sickle Cell Major A Johnson (<i>virtual</i>)
	10.55	Operating with anticoagulants Mr L Martul
	11.10	Antibiotics and antisepsis Miss S Sajid
	11.25	Managing pain Dr B Booth
	11.40	Stopping rheumatology drugs Miss J Higgins
	11.55	VTE prophylaxis Mr D Roberts
		Panel discussion
12.10	Your Green BSSH Chair: Mr C Little and Miss P Witt <i>Bapsy Hall</i>	
	12.10	Introduction Mr C Little
	12.15	Changes you can make in your hospital Mr M Horwitz
	12.25	Green Hand Surgery - what is happening so far Miss P Witt
	12.32	Visions for the BSSH sustainability blueprint (Essay winners) Mr M Gardiner, Miss K Cooper (<i>virtual</i>) and Ms K Dickson (<i>virtual</i>)
	12.48	Discussion
12.50	Hands Reworked - Book Launch Miss S Fullilove and Mr R Trickett <i>Bapsy Hall</i>	
13:00	BSSH LION Hand Service Project - Presentation from Osteotec Miss S Fullilove, Mr J Jones, Mr R Sumner <i>Bapsy Hall</i>	
13:10	Medartis Symposium <i>Bapsy Hall</i>	<i>Lunch, networking and exhibition Wintonian, King Charles Hall and Courtyard</i>
14:00	Your BSSH Research: RSTN Session Chair: Mr M Gardiner <i>Bapsy Hall</i>	
	14.00	Introduction to the RSTN Mr J Wormald
	14.05	What we do Miss R Taha

WEDNESDAY 12 OCTOBER

continued:	14.10	JLA PSP Mr M Gardiner	
	14.20	FLARE Dr E Reay	
	14.25	FIRST Ms E Bamford	
	14.30	Hand 2 Prof T Davis	
	14.35	NEON Prof C Jerosch-Herold	
	14.40	POINT Miss A Karantana	
	14.45	Discussion	
14.55	Your SWIFT Study Prof J Dias		<i>Bapsy Hall</i>
15:20	ASSH award to BSSH Prof K Chung and Miss S Fullilove		<i>Bapsy Hall</i>
15.25	Guest lecture: From Colles Fractures to Volar Plating: what have we learned? Introduced by: Prof D Warwick Prof K Chung		<i>Bapsy Hall</i>
15:50	<i>Refreshment, networking and exhibition</i>		<i>Wintonian, King Charles Hall and Courtyard</i>
16:15	Your Diverse BSSH: Diversity and inclusivity Chair: Ms J McEachan and Mr M Brown		<i>Bapsy Hall</i>
	16:15	Introduction Ms J McEachan and Mr M Brown	
	16:17	BSSH diversity policy / data Miss M Birks	
	16:27	Panel discussion of diversity Mr S Fleming, Miss R Towa and Ms K Hamlin	
	16:40	Closing remarks Ms J McEachan and Mr M Brown	
16:50	Medicolegal Session Chair: Prof D Warwick and Mr R Eckersley <i>Bapsy Hall</i>		Your plastic and orthopaedic BSSH Chair: Miss N Fine <i>Conference Chamber</i>
	16.50	Surgery in a place where consent is a thumb print Mr D Izadi	16.50 Introduction Miss N Fine
	17.05	So you really want to get sued? A barrister's perspective on the aetiology of clinical negligence and how to avoid it Mr H Charles	17.00 Audience Poll Mr S Gujral
			17.10 Case discussion Mr A Armstrong
	17.40	Panel discussion	17.20 Panel Learning points of Orthoplastic training Miss L Li
	17:50	Close	17:30 Close

THURSDAY 13 OCTOBER

07:30-08:10	REGISTRATION	
08:10	Welcome Prof D Warwick <i>Bapsy Hall</i>	
08:15	Debate: We are custodians: let's use evidence and common sense to save money <i>Bapsy Hall</i> Chair: Mr W Lam and Ms J Rooker	
08.15	Introduction with survey Ms J Rooker	
08.23	Do we need to perform surgery on every patient in an operating theatre? Prof D Lalonde (<i>virtual</i>)	
08.34	Do we need to see every hand trauma patient? Mr R Anakwe	
08.46	Do we need to see every elective patient? Mr L Lanceratto	
08.58	Do we need routine antibiotics for hand elective operations/trauma operations? Mr J Wormald and Mr J Totty	
09.10	Do we need to meet in person for every conference? Mr W Lam and Miss A Khoury	
09.22	Do we need to see all scaphoid fractures? What is the best way to investigate scaphoid fractures? Mr N Riley	
09.34	Discussion	
09:45	Presentation of BSSH Diploma & MSc in Hand Surgery and Vivien Lees Medal <i>Bapsy Hall</i> Awarded by: Ms H Hedley and Prof V Lees	
10:00	Guest Lecture: Do you really advise your patient properly on returning to work? <i>Bapsy Hall</i> Introduced by: Mr J Hobby Prof Dr S Hovius	
10:15	Refreshment, networking and exhibition <i>Wintonian, King Charles Hall and Courtyard</i>	
10:45	Symposium: On the other hand? Different approaches to limb replacement <i>Bapsy Hall</i> Chair: Mr A Roche and Prof Dr S Hovius	
10.45	Introduction - past present and future? Mr R Thomas	
10.50	The surgical science behind current developments Mr A Roche	
10.57	Competing/complementing technologies: pattern recognition, osseointegration, and implanted electrodes Prof M J O Catalan (<i>virtual</i>)	
11.05	Surgical Experience of Prosthetic Reconstruction Prof P Sassu (<i>virtual</i>)	
11.12	The Alternative View Prof S Kay (<i>virtual</i>)	
11.22	Three year results of the first double hand transplant in the Netherlands Prof Dr S Hovius	

THURSDAY 13 OCTOBER

continued:	11.29	Patient Experience Mr J Ashworth-Beaumont (<i>virtual</i>)	
	11.34	Discussion - Prostheses vs. Transplantation	
	11.40	Panel Discussion	
11.45	Your BSSH AGM		<i>Bapsy Hall</i>
13:00	LEDA Symposium <i>Bapsy Hall</i>		<i>Lunch, networking and exhibition</i> <i>Wintonian, King Charles Hall and Courtyard</i>
13:45	Debate: Kienbock's is it actually important and can we actually treat it? Chair: Prof J Dias and Miss C Langley <i>Bapsy Hall</i>		Debate: Nerve gaps- examining the evidence. Graft or leave or conduit? Chair: Mrs R Dunlop and Mr J Wormald <i>Conference Chamber</i>
	13.45	Introduction and Audience Poll Prof J Dias	13.45 Introduction and Clinical Scenario and vote Mrs R Dunlop and Mr J Wormald
	13.50	What happens in Kienbock's Disease and what is treatment trying to achieve? Prof J Dias	13.52 Outcome Measurement in Sensory Peripheral Nerve Injury Prof C Jerosch-Herold
	13.57	What is done in the UK Mr N Johnson	
	14.04	What will happen if we do nothing? Prof I Trail	14.02 Leave the nerve gap un-repaired Mr P Malone
	14.11	What are the outcomes with treatment at one year or longer? Mr N Johnson	14.12 Reconstruct the gap with nerve autograft/allograft Mrs S Tucker
	14.18	So should we ever consider surgery? Prof D Warwick	14.22 Reconstruct the gap using artificial conduit Ms S Thomson
	14.25	Repeat Poll and Discussion	14.32 Panel discussion and re-vote
	14:45	Best free papers: Bone Chair: Mr D Brown and Miss A Lupu <i>Bapsy Hall</i>	
14.45		A prospective, randomized controlled multicentre trial of displaced metacarpal fractures comparing non-operative with operative treatment Prof G Giddins	14.45 Incidence and anatomical distribution of adult hand and wrist fractures presenting to a UK Major Trauma Centre Mr S Deshmukh
14.51		Hand carpometacarpal joint instability in elite boxers: injury characteristics, surgical technique, and outcomes Mr D Bodansky	14.51 PEMCAT Trauma: further refinements of the PEM for a hand trauma population Mr J Wormald
14.57		Long term Outcomes of the Universal 2 Total Wrist Replacement: Revision and loosening at 10 years and beyond Mr A Newton	14.57 Making plastic surgery PROMs more valid: plausible value imputation challenges "conventional" improvement scores in cubital tunnel release Prof J Rodrigues

THURSDAY 13 OCTOBER

continued:	15.03	Predicting failure of distal radius fixation by locked volar plating: logistic regression modelling confirms plate position and fracture reduction are key Mr A Newton	15.03	UK Hand Registry data demonstrate discordance between hand function and health state utility from cubital tunnel release, complicating health economic evaluations Prof J Rodrigues
	15.09	The Correlation between Radiological Parameters and Functional Outcomes in Distal Radius Fractures Miss N Sargazi	15.09	Management of Neonatal Limb Ischaemia: Lessons from the last decade Mr I Ibrahim
	15.15	Distal radius fractures continue to displace in plaster until at least week six post manipulation Mr J Turner	15.15	An evaluation of the two-stage dynamic traction technique in the treatment of severe Dupuytren's contracture of the proximal interphalangeal joint Ms T Arif
	15.21	Assessment of patient reported outcomes in Distal Radius Fractures to calculate mean clinically important difference (MCID) for DASH, PEM and PRWE scores Miss C Montgomery	15.21	Effectiveness of Opt-in Management for Wrist Ganglion Miss A Khoury
15.30	<i>Refreshment, networking and exhibition</i>		<i>Wintonian, King Charles Hall and Courtyard</i>	
16:00	Guest Lecture: Mindfulness, Health Coaching for hand problems Chair: Miss J Arrowsmith Ms D Larson			<i>Bapsy Hall</i>
16:30	ASSH International Guest Lecture 2021 Contentment Prof K Chung and Prof D Warwick			<i>Bapsy Hall</i>
17.00	Harold Bolton Award 2020: Prof S Hodgson Awarded by Prof D Warwick			<i>Bapsy Hall</i>
17:05	Harold Bolton Lecture: Turing Enigma and the developing hand- a journey of discovery, collaboration and reflection Awarded by Mr J Hobby Mr W Lam			<i>Bapsy Hall</i>
17:30	Close			

08:00	REGISTRATION		
08:30	Guest Lecture: How RA influenced the creative spirit of the master, Pierre-Auguste Renoir <i>Bapsy Hall</i> Introduced by: Miss E Balabanidou Prof K Chung		
9.00	Pioneers Lecture: Personal resilience, my journey <i>Bapsy Hall</i> Introduced by Prof S Hodgson Mr J Hobby		
09.25	Symposium: Do you really need to remove or replace the trapezium? Chair: Mr J Hobby <i>Bapsy Hall</i>		Symposium: Hand Rejuvenation Chair: Ms R Rodrigues and Miss N Fennell <i>Conference Chamber</i>
		Introduction Mr N Riley	09.25 Hand Appearance - does it matter? Miss N Fennell
		Case presentation and vote Mr N Riley	09.35 Hand Rejuvenation using fillers and chemical peels Ms R Rodrigues
		Trapeziectomy the gold standard Mr D Avis	09.45 Fat Transfer to the Hand Prof A Mosahebi (<i>virtual</i>)
		Denervation Mr C Heras Palou	09.55 How to set up a Hand Rejuvenation Practice Mr D Humzah (<i>virtual</i>)
		Metacarpal Osteotomy and Ligament reconstruction Mr J Hobby	10.05 The Aesthetic features of the Human Hand Mr D Sammut (<i>virtual</i>)
		Cartiva interposition Mr P Sauve	10.15 Discussion
		Pyrocarbon Mr D Russell	
		Arthroscopic Management Mr Z Naqui	
		Total Joint Replacement Mr S Talwalkar	
	Repeat case presentation with voting		
10:30	Refreshment, networking and exhibition <i>Wintonian, King Charles Hall and Courtyard</i>		
11:00	The State of the Art in Outcomes <i>Bapsy Hall</i> Chair: Mr R Trickett and Miss A Karantana		
	11.00	Douglas Lamb Lecture: Outcome measures where did we begin where does it end? Awarded by Prof D Warwick Prof K Chung	
	11.35	How I use outcome measures Dr D Herren	
	11.50	The ICHOM standard set and how it can work in practice Prof Dr S Hovius	

continued:	12.05	Ecological Momentary Computerised Adaptive Testing – not another app! Mr R Kamran	
	12.20	Discussion and Questions	
12.30	Your Past President: How to be a great Hand Surgeon, but not work too hard Introduced by Prof D Warwick Miss S Fullilove		<i>Bapsy Hall</i>
12.50	Presidential Handover Mr J Hobby, Mr D Boyce, Miss G Bourke		<i>Bapsy Hall</i>
13.10	<i>Lunch, networking and exhibition</i>		<i>Wintonian, King Charles Hall and Courtyard</i>
	13:30	Lunchtime Lecture: The Hand in Buddhist Art Prof K Chung <i>Bapsy Hall</i>	13:15 Lunchtime meeting: Paediatric Group Miss G Smith <i>Conference Chamber</i>
14.00	Free papers: General infographic Chair: Prof D Furniss and Ms N Al-Hadithy		<i>Bapsy Hall</i>
	14.00	An audit of post traumatic radial sided wrist pain investigation at The Royal Surrey Foundation Trust Miss S Raut	
	14.03	Contrasting PROM-based Artificial Intelligence clinical decision support in Dupuytren's disease with carpal tunnel syndrome Prof J Rodrigues	
	14.06	Computerized adaptive testing reduces the burden of the PEM PROM in cubital tunnel syndrome by 80% while achieving good validity Prof J Rodrigues	
	14.09	"Pandemic Puppies" - The UK Animal Bite Pandemic Mr O Jones	
	14.12	The association between echogenicity as imaging biomarker and progression of Dupuytren's disease (DD) Dr R Van Straalen	
	14.15	Salvage of Non Replantable Amputates Using the Vascularized Pocket Principle Ms R Chawla	
	14.18	Fast track MRI service for Suspected Scaphoid fracture Ms S Vinay	
	14.21	Antibiotic Stewardship in the surgical management of closed hand fractures: A single surgeon and single institute retrospective cohort study Ms S Ike	
	14.24	The impact of diabetes mellitus on the outcome of surgery for cubital tunnel syndrome Mr P Stirling	
	14.27	When does a pressure dressing become a tourniquet: A prospective single centre study assessing variation and factors affecting pressures exerted by pressure bandages Mr F Brzeszczynski	
14:30	Paper Prizes- best Bone, Soft Tissue and General Prize Prof D Furniss, Mr D Brown and Mrs S Tucker		<i>Bapsy Hall</i>

FRIDAY 14 OCTOBER

14.45	Debate: How late is too late? Chair: Mr S Talwalkar and Ms L Hamilton		Bapsy Hall
14.45	Mallet Finger Miss L Li		
14.56	Flexor Tendon Repair Mr M Gardiner		
15.07	SLIL Repair Mr R Trickett		
15.18	Distal Radius Fracture Mr L Garagnani		
15.29	Nerve Repair Mr J Bedford		
15.40	Nerve Transfers Miss R Shirley		
15.51	Scaphoid Fracture Mr M Ricks		
16.02	Boutonniere Miss R Begum		
16.13	1st CMC Joint Arthroplasty Mr D Russell		
16.24	DRUJ Reconstruction Prof G Giddins		
16.35	Lateral condyle fractures Mr M Nixon		
16.46	Closing Remarks Prof D Warwick and Mr J Hobby		Bapsy Hall

Social events:

WEDNESDAY 12TH OCTOBER

Joint Operations provides a bridge between suppliers of innovative healthcare technologies and clinical teams working within joint & nerve preservation in the UK & Ireland.

Joint Operations provides a bridge between suppliers of innovative healthcare technologies and clinical teams working within joint & nerve preservation in the UK & Ireland.

As techniques evolve in the fast-moving area of Orthopaedics known as Joint Preservation, we provide clinicians with the latest options, product advice and procedural knowledge to help patients with damaged cartilage or early arthritis avoid joint replacement.

In 2020 we partnered with BREG, world leaders in cryotherapy and orthopaedic bracing. This unites our surgical and non-operative portfolio, reinforcing our focus on Joint Preservation for the patient.

EXHIBITORS AND SPONSORS

NovoSorb BTM (Biodegradable Temporising Matrix) is a unique synthetic dermal scaffold that provides an effective reconstructive option for a range of complex wounds. BTM is indicated for use in the management of wounds including partial and full thickness wounds, pressure ulcers, venous and diabetic ulcers, surgical wounds, trauma wounds, burns, and scar reconstruction. This unique matrix is composed of a wound-facing biodegradable open cell foam, bonded to a non-biodegradable transparent sealing membrane. BTM enables the generation of a vascularised neodermis, which provides a more robust foundation for wound reconstruction than grafting alone, limiting wound scarring and contracture.

Sovereign Medical are one of the leading suppliers of upper limb solutions for the UK hand surgeons. Our products include the MAIA CMC IMPLANT, REGJOINT, SMARTBONE, a new hybrid bioactive bone substitute developed for bone regeneration in reconstructive surgery. We have joined forces with MESHWORKS to offer fully customised plates and screws for all complex upper limb procedures. To complement our range, we have an innovative bioabsorbable compression screw made from magnesium alloy, ideal in paediatric surgery.

Xiros turn good ideas into great surgical outcomes, restoring patients' freedom by creating innovative implantable textiles and devices. Xiros has a history of providing expertise in research, development, design, and manufacture to meet the complex needs of the medical community. We have successfully developed an extensive range of implants and surgical devices to aid the development of novel surgical approaches.

Our latest device, the FlexPasser Tendon Retrieval Kit, was designed with hand surgery in mind, to facilitate minimally invasive tendon retrieval. It provides a system of single use instrumentation for the retrieval of retracted proximal tendon stumps during the repair of lacerated digital flexor tendons in the hand. It offers the potential to minimise soft tissue damage and repeat suturing of the tendon end.

INFORMATION FOR DELEGATES

Social and networking

Wednesday 12 October- Drinks reception

19:00-19:45

The BSSH will be hosting a drinks reception at The Great Hall Winchester, where we will have The Band and Bugles of The Rifles perform.

One of the finest surviving medieval aisled halls of the 13th century which was once part of the magnificent Winchester Castle. The castle was founded in 1067 by William the Conqueror shortly after his victory at the Battle of Hastings. In 1222 Henry III, with his love of architecture, began the construction of one of the earliest Gothic styled medieval halls. Admire the soaring Purbeck marble columns and beautiful Gothic pointed archways.

Venue:

The Great Hall
The Castle
Castle Avenue
Winchester
SO23 8UJ

*If you have not registered for this event, then please visit the registration desk for more information.

Thursday 13 October- Society social event
